"Aubier" is a typical tree of the region surrounding the historic estate of our family. Most commonly, "aubier" means sapwood : the living part of a tree, right under the bark. It transports sap and protects the heartwood during winter. Château Les Aubiers is a loyal expression of the local history, of our landscape richness and of my sensitivity towards environmental issues. As a player of the environmental diversity of Blaye territory, wines of Château Les Aubiers translate into 3 different personalities: red, rosé and white.

## Château Les Aubiers

### BORDEAUX

**Village:** Saint Aubin de Blaye

**Total winegrowing area:** 33 hectares

**Terroir:** Sandy gravel soils and clay-sandy subsoils - east/east-south exposure - 28-year-old vines

**Winemaking and ageing:** Mechanical harvest at the beginning of septembre. Direct pressing with pneumatic presser and clarification of must. Control of temperatures between 16 and 18 Celsius degrees during fermentation that lasts 15 days to 3 weeks. Egg white clarification then tangential filtration.

**Blend:** 60 % Merlot, 20 % Cabernet Sauvignon, 20 % Cabernet Franc.

**Tasting notes:** Pale in colour, the wine is a bright light pink. The impressive nose is marked by acid drop aromas; the palate is supple with a frank very fresh attack with distinctive amylic aromas. As a whole it is generous, extremely thirst-quenching and highly drinkable. This is a true and technically very accomplished rosé made by direct pressing.

**Food and wine pairing:** Marinated chicken skewers.
